# **CONSTRUCTION TIRES & WHEELS**

# **Solideal** *your specialized tire brand for compact equipment!*

## **RUGGED AND TOUGH**

We are committed to providing the best heavy-duty performance tires in the market.

Heavy-duty tires last longer and cost less in the long run.

### **What makes Solideal Tires heavy-duty:**

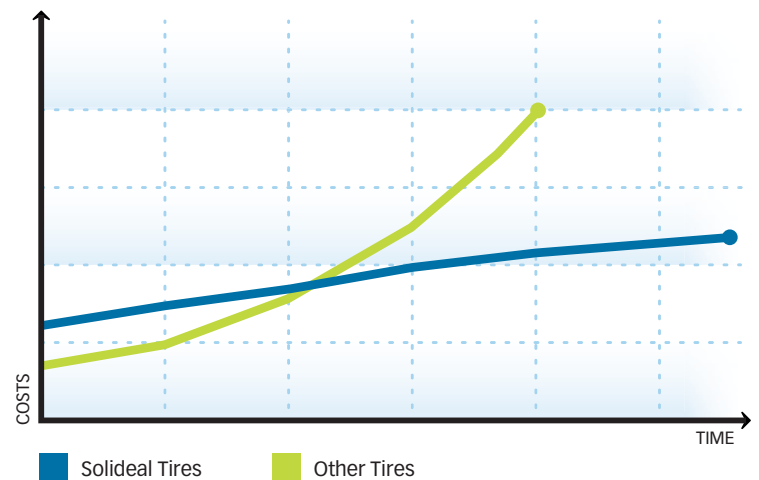

- Wide sidewall
- Deep tread
- Robust carcass
- Rim guard
- Reinforced undertread
- Optimized lug-to-void ratio

Visit [camoplastsolideal.com](http://camoplastsolideal.com)

## **LOWEST OPERATING COST SOLUTION**

Solideal tires are made to outlast the competition and perform reliably in the most demanding conditions.

Their superior design and advanced engineering provide:

- Longer life
- Less downtime
- Lower replacement costs

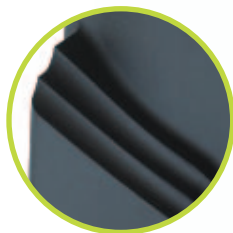

# Skid Steer Loaders

Solideal is the Skid Steer destination. We offer the widest range of tires to optimize your machine performance and reduce your operating cost, whatever the application.

## **SOLIDEAL HAULER SKS**

Star of the renowned Solideal Hauler series, which sets the industry standard for performance, durability, and reliability.

### **HAULER STEPS DESIGN**

- Provides excellent traction, self-cleaning, and stone ejection.

### **EXTRA WIDE SIDEWALL**

- Increases durability
- Provides superior impact resistance

# Skid Steer

## SOLIDEAL SKS/SM SolidAir

### The best of both world!

The no-flats, no-downtime alternative to traditional pneumatic skid steer tires. SolidAir design provides solid tires with an array of apertures in the sidewall combining **flat-proofing** and **shock absorption**. This unique technology reduces product replacement rate, repair costs, lost wages, and lower productivity due to downtime.

### UNIQUE APERTURE DESIGN

- Provides smoother ride and enhances comfort
- Minimizes heat buildup

### LIFE

SOLIDAIR SKS & SM

TYPICAL SOLID TIRE

# Loaders

## SOLIDEAL HAULER SKZ

### **NON-DIRECTIONAL EXTRA-DEEP TREAD**

- Provides efficiency both on and off the road
- Ideal for users who divide their time between hard and soft terrain

## SOLIDEAL HAULER XD44

### Massively deep tread

- Provides optimal traction

### Overbuilt carcass, super-wide wall, exclusive compound

- Best pneumatic solution for ultimate life in the most abusive hard-surface conditions

### **LIFE**

## SOLIDEAL SKS XTRA

### Xtra wall

- Reinforces sidewall protection

### Stepped tread design

- Provides good traction and self-cleaning

### Extra wide lug

- Increases stability in a variety of conditions

# Backhoes

## SOLIDEAL SL R4

Extra heavy casing and extra deep tread

- Provides increased durability and extended service life

### IMPACT TEST

ENERGY AT BREAK

	ENERGY AT BREAK
SOLIDEAL SL R4 NEW GENERATION	900 Nm
COMPETITOR 1	800 Nm
COMPETITOR 2	575 Nm
COMPETITOR 3	425 Nm

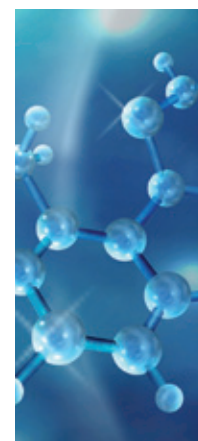

## SOLIDEAL SLA R4

Directional extra deep tread

- Offers the best balance of traction and durability on and off the road

Unique tread design

- Provides a significantly smoother ride with minimized vibration levels in on-road applications

### RUBBERPRO

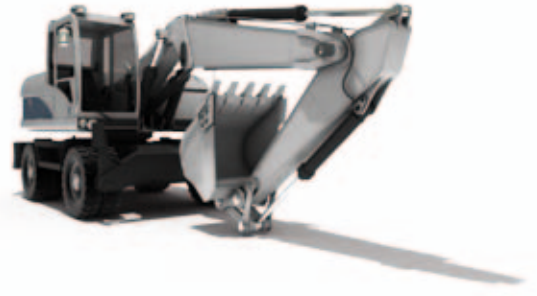

ADVANCED  
COMPOUND  
EXPERTISE

For more details, visit [camoplastsolideal.com](http://camoplastsolideal.com)

# Wheel excavators

## **SOLIDEAL WL**

### Extra deep tread

- Delivers great off-road traction and increased durability

### Robust casing

- Provides excellent performance in on-road conditions and reduces bucket swing

For more details, visit [camoplastsolideal.com](http://camoplastsolideal.com)

## **SOLIDEAL HT BAGGER**

### Aggressive tread design and square tread

- Optimized for all applications where pneumatics typically don't last

## **FROM TREE TO TREAD**

Based in the heart of the world's largest rubber production region, our team of dedicated R&D experts ensures that all our tires are made with tough, anti-abrasion, tear-resistant rubber compound that can handle the most severe job conditions, minimize heat generation, and provide ultimate durability.

# Telehandlers

## SOLIDEAL TLH SolidAir

### Flat-proofing & shock absorption

#### **FEA\* PROVEN, PATENTED TRIANGULAR APERTURE DESIGN**

- Offers superior comfort and unparalleled lateral stability

\*Finite Element Analysis consists of a computer model used in new product design to verify that it will be able to perform to the client's specifications prior to manufacturing or construction.

#### **INNOVATIVE STEPPED TREAD BLOCKS**

- Delivers ground breaking traction and self-cleaning

## SOLIDEAL SL G2

### Superior responsive sidewall

- Increases driving comfort on and off the road

### Aggressive tread pattern

- Provides very good traction and self-cleaning

For more details, visit [camoplastsolideal.com](http://camoplastsolideal.com)

## RESPECT FOR THE ENVIRONMENT

More durable tires = **less disposal**

Less rolling resistance = **less energy consumed**

Less energy consumed = **fewer emissions**

# Wheel Loaders

## **SOLIDEAL LM L3/E3/G3**

### Non-directional tread pattern

- Optimizes balance both on and off the road for traction and stability

### Superior natural rubber compound

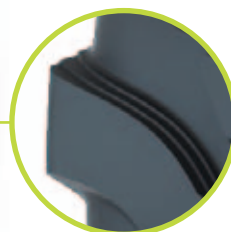

- Provides high resistance to cutting and gouging

## **SOLIDEAL LM L2/E2/G2**

### Extra deep tread

- Offers better flotation in soft, loose soil
- Provides very good self-cleaning

### **STEPPED REINFORCED LUG**

- Improves traction and steering performance

*Solideal*

# Radial Tires

## **SOLIDEAL SRGP L3/E3**

### Smooth and flexible ride

- Extremely low vibration
- Excellent stability
- Excellent traction in forward and reverse
- Also good on Articulated Dump Trucks

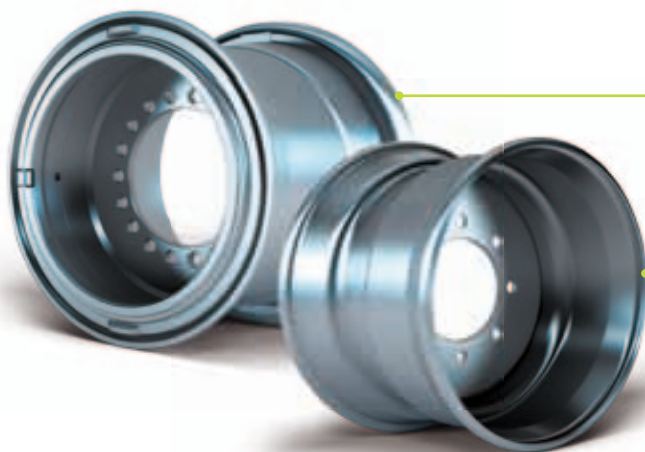

*Reduced fuel consumption*

## **THE SRGP ADVANTAGE**

- Better distribution of pressure and greater flotation
- Reduced working time resulting from less tire slip
- Longer tread life
- Better comfort and handling on the road

# Wheels

## **CONSTRUCTION MULTIPIECE DROP-CENTRE WHEELS**

- Heavy-duty construction
- Available in a full range of sizes for pneumatic and solid tires

# Camoplast Solideal International Tire Warranty

Every tire manufactured and/or distributed by Camoplast Solideal is made from premium materials and tested using the most advanced technologies. All tires are guaranteed to be free of defects in workmanship and material.

- All Solideal tires deliver:
- Optimal performance
  - Superior durability and reliability
  - Low heat generation
  - Reduced downtime

**That's why we offer the best warranty in the industry!**

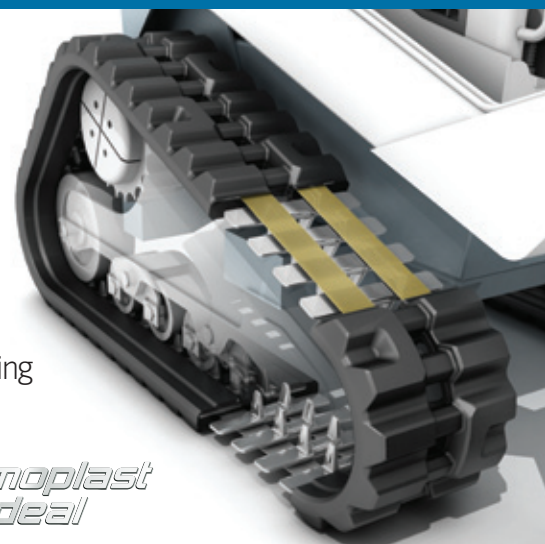

## **CONSTRUCTION TRACKS**

*Experience high-performance products that shape your world!*

Take the lead on the job site with a wide range of high-quality tracks and over-the-tire tracks for multiple applications.

Discover our full lineup of Camoplast High-Performance Tracks today and get industry-leading durability and reliability working for you.

# Leading the way

Camoplast Solideal is a world leader in the design, manufacturing, and distribution of off-road tires and high-performance tracks. Relying on exclusive state-of-the-art manufacturing capabilities and the largest R&D team in the industry, Camoplast Solideal is committed to delivering high-performance products of first-rate quality and value. This commitment is backed by an unrivaled warranty and supported by best-in-class customer service. On the strength of a global team of close to 8 000 dedicated experts, we operate advanced R&D centers, manufacturing plants in Canada, the USA, Europe, and Asia, and distribution facilities on all continents. In each location, we are dedicated to be the best at meeting customer needs.
